Review: "[Best Italian Food!](#)"

This little gem is tucked away in a small "strip" mall right next to a "Carabba's" -- what caught our eye was that the parking lot was packed -- always a good sign for an out-of-the-way place. We had to wait awhile, but it was worth it. Service was friendly, efficient, the food was FRESHLY prepared and the friendly lovable owner is helpful and a gracious host!

**Review:** This was hands down the best Italian I have ever had. I'm a vegetarian - my husband definitely not - and we both left smiling and satisfied. What a gem of a place!! It felt strange to pass big beautiful Carraba's to walk into the strip mall restaurant right next door.. but it was so great we're going back tonight and taking my parents and kids with us.

Keep up the great work!!!

**Review:** We have only lived in the Myrtle Beach area for about a year and Old World is our favorite restaurant. The Owners properly treat you as their guest. Seating is minimal, but the food is fantastic.

**Review:** My husband and I are huge fans of "Old World". The Veal Sorrento is incomparable and the traditional Italian dishes are very good. There is an abundance of bread... There is a welcoming atmosphere and the bar area can accommodate 10-12 folks if there is a wait. Carrabas moved next door a few years ago and it actually increased "Old World's" business, so making a reservation is highly recommended.

**Review:** My husband, family and I have been dining at Old World Italian Restaurant since it opened. Not only is it the most wonderful Italian restaurant that we have ever dined at, but the owners and staff are like family. My husband just celebrated his 60th birthday and we had his party at Old World. Everyone absolutely loved the food and atmosphere and we were all treated like family by the owner and his lovely staff. It is the only place for excellent Italian food, not only along the Grand Strand, but anywhere in South Carolina. Thank you Old World Italian Restaurant for your continued quality and wonderful service.

We love you!

**Review:** So, okay. You might have a little wait at Old World, even if you have a reservation. There's a reason for that. It's very good, and worth the short wait. Not the largest menu in the world, but what is served is excellent -- try the chicken parmigiana, my favorite. The service is fine, especially if you are friendly. They have many repeat patrons. Go to some chain if you like, but my wife and I, both from Italian sections of Brooklyn, come here once each trip. So, go to Carabba's. Leave a table for us at Old World.

**Review:** Being new to the area and being Italian from NY, it was rough for me to find real home cooked Italian food. Old World met my expectations 100%. Recommended to me by my home insurance agent and very grateful for that! I had Veal Parmigiana and LOVED it...gravy is fantastic. Service was friendly, and the owner, George, a nice guy as well. Being a local now, I can always find Italian food I love at Old World Italian Restaurant when I am not cooking at home. Thank you to the owner and staff.
